
Snorkel Groups

We will have 3 groups snorkelling during the day. Each participant will get to spend at least 1 hour in the water. There may be more opportunities to get in the water - keep your phones on you ready to receive a phone call. Please arrive at the tent 5 mins prior to your group time.

When you aren't in the water feel free to explore the WWII tunnels and have a picnic lunch on the beach! Please remember - **you are responsible for your own safety when you are not snorkelling.**

These snorkel groups will be organised on the vessel en route to the island.

Please try to ensure your lunches are as plastic free
